

FRIDAY, APRIL 3, 1885.

FRANCE has been badly whipped by the heathen Chinese and is now getting mad.

DURING the month past \$213 fines were assessed by the Mayor and \$131 were collected by the Marshal.

SENATORS Beck and Blackburn object to the confirmation of Mr. Buck, appointed Minister to Peru.

The Tallapoosa is to be turned into a cruiser. The Government, when it goes visiting hereafter, will go by rail or walk.

The prospect of a solution of the Afghan question is almost wholly dissipated by the statement that Russia concedes no single vital point at issue.

EX-CONGRESSMAN Whitthorne, of Tennessee, is to be made one of the new Auditors in the Treasury. Hon. John S. Williams, of Indiana, will be another.

It war makes business good there ought to be a boom. The difficulties in Central America, China, Afghanistan and the Sudan are assuming sufficient importance to affect the markets if war can do it.

A farmer in Jackson township, Pa., dreamed he was rolling logs, and as one was about to crush him he sprang out of the way, fell over the rocking chair, and struck against the sharp edge of the bureau breaking three ribs.

Ten coal feet now preparing to leave Pittsburg consists of eighty-three steamers and 350 barges carrying 5,000,000 bushels of coal. Two more millions will be added before the end of the week, making in all 7,000,000 bushels.

SECRETARY Manning has requested the resignation of First Auditor Reynolds, Second Auditor Ferris, Fourth Auditor Boardley and Fifth Auditor Alexander and Second Comptroller Upton, to take effect upon the qualification of their successors.

#### Only a Woman's Heart.

Of the play to be presented at the opera house on Thursday evening, April 9th, the Philadelphia Bulletin says:

"Only a Woman's Heart," is the title of a strong emotional, dramatic comedy, produced with much applause, to a crowded house at the Chestnut street theatre, last night, with marked success. Mr. Newton Beers as "Roger," a modern "Devilfish," presented a strong character creation, and acted well, especially in the third act, which went through in situations and incidents, and repeated before the curtain by the well pleased audience.

A Bridgeport man picked up on the beach at Seaside Park the other day a peculiar oyster shell. A part of the outside of the shell is polished and smooth as a piece of marble, and that polished part contains two capital Ls in reverse order. These letters are deeply and smoothly engraved into the shell. Beneath them are two initial letters of Uncle Sam's name, also in inverted order. It is believed that the oyster, when young, lay upon a mental plate in the water, having raised letters.—Hartford Times.

#### Wake Up the Wrong Parrot.

(Boston Evening Journal.) At a suburban funeral not long ago, the clergyman was dilating upon the many virtues of the departed. As it happened there was much justification for it, as the deceased was a man of large heart and many merits; yet the clergyman, probably feeling free to let his flow of language play untrammelled, almost omitted his theme. Not content with couching his praise in simple and straightforward words he mounted to imagery and seemed to attribute angelic as well as human characteristics. When at the climax of his eloquence his hearers charmed with the sweet music of his words, he was broken by a shrill voice, which cried out:

"Facts, facts, give us facts!"

The suitable comment came from a sage and venerable parrot which had been removed to an ante-room, and then it was remembered that prominent among the virtues of the deceased master was a sturdy dislike for flattery and a habit of sharply rebuking "highfalutin'."

#### Proposed Garbage Burning in New York

(Scientific American.) To get rid of the refuse and garbage collected in the streets of New York city now requires thirteen dumping stations on the water front and a fleet of steamers to carry the refuse to the sea, where it is dumped. The quantity so disposed of amounts to about 300 cubic yards daily, and, in unfavorable conditions of weather, or when the tides are seeking to shirk their duty, the crews are dumped so their contents help to fill up the channels of New York harbor.

It is now proposed to construct furnaces on one or near one of the dumping stations to try and burn up the refuse. The first apparatus will be rather an experimental one, until its economy and the effect of such an incineration factory upon the neighborhood can be determined.

#### Mormons and Letter-Carriers.

(Chicago Times.) The postal letter-carriers at Salt Lake City are having a unique experience. On account of the late and heavy snows the Mormons have been severely warned against talking to strangers giving their names or residences. The carriers, their rounds knock at door and a scurry comes inside. A child answers the door. It is asked who lives there, and it often refuses to tell. It doesn't know the names of the neighbors or where its father and mother are to be found. The uniform is a sign of the enemy, and no information is to be had.

#### DESERTED IN CHICAGO.

A Young Girl from St. Louis Given Ten Cents and Then Abandoned.

CHICAGO, April 3.—Celia Korn, a Jewess, fifteen years of age, was taken to the Armory from the suffering, it is supposed, from the effects of a drug. She states that she arrived here Saturday morning from St. Louis, her fare having been paid by a traveling man whom she called "Willie," the only name he gave her. Upon reaching this city he took her to a North Side hotel, where he paid for her lodgings for the night, stating that he would call on her in the morning. He did so, arriving before she was yet asleep. He made an engagement to meet her at the corner of State and Washington streets at 10 o'clock and departed. She then accompanied to promise, when he generously gave her ten cents to procure something to eat and departed. She then went to the Commercial hotel and asked for accommodations, tendering the ten cents she received from the traveling man, and indicating by her actions that she was partially demented. Officer Jones called in, to whom she told her story. She said she had no relatives in the city, but a moment later said that a pair of new shoes she had been given her by her uncle, W. C. Andrus, who lives on Washington street. She says that her mother's name is Connell, and she lives at 410 Argyle avenue, St. Louis. She is detained until her relatives can be communicated with. Meanwhile a search will be made for "Willie," if found he will be asked to explain the part he has played in the transaction.

#### ENVELOPED IN FLAMES.

Stella Bussing Probably Fatally Burned in Covington.

CINCINNATI, April 3.—Stella Bussing, aged seventeen, daughter of the late banker, Geo. H. Bussing, was probably fatally burned at Covington, Mo. The young lady went into the kitchen to light a fire. She started the wood and leaped over to get the logs when her skirts caught fire and blazed furiously. She ran screaming into the back yard. Her mother and several neighbors, hearing the cries, ran to her assistance and smothered the flames, but not before she was badly burned about the breast and limbs. Dr. James Wise was summoned, who pronounced the burns serious.

The family was at one time one of the wealthiest of Cincinnati, but since Mr. Bussing's financial embarrassment, several years ago, the members have been living in reduced circumstances.

#### MRS. GARFIELD

As the Current Rumors of Her Marriage Is an Insult.

CLEVELAND, Ohio, April 3.—In regard to the rumor that Mrs. Garfield, widow of the murdered president, was to be married to a clergyman named Taylor, of Pennsylvania, J. B. Rhodes, a warm friend of the Garfield family, said: "I do not think it is true. Mrs. Garfield looks about the life of a recluse." To a reporter who came to her residence on Prospect street, she indignantly sent word that she considered the rumor an insult, but refused to affirm or deny it.

T. B. Corkinsland, a leading republican of Wayne, W. Va., has resigned as a member of the state committee and joined the prohibitionists.

Robert F. Austin, sr., member of the firm of Austin, Nichols & Co., one of the largest wholesale grocery houses in the country, died at his residence in Brooklyn.

At Ottawa, Ohio, Charles Swigart, thirty years old, while jumping over a hitching post, missed his balance and fell over on his side, his left arm striking a stone and breaking it.

A collision occurred with the police at an anarchist meeting in the Place de l'Opera, Paris. Forty arrests were made and order was finally restored, but crowds were still parading the streets at a late hour.

The queen has granted pensions of \$1,000 yearly to the mother, and \$500 to each of the sisters of Lieut. Col. Stewart Gordon's military secretary, who perished in the massacre near Wady-Garna.

The grocery store in which the postoffice is situated at St. Paul, Indiana, was burglarized. Five dollars in money, a lot of sugar, cigars and other articles were taken. How many letters were taken can not be ascertained.

Wetmore, republican, has been elected governor of Rhode Island by 2,962 majority. Mallon Vanhook, colored, was elected to the legislature. This is the first instance of a colored man being elected to that body in this state.

A. F. Simpson has been arrested at Decatur, Ind., for forgery, after having served a two-year term in the penitentiary on a similar charge. He is also charged with carrying on his wife, who has applied for a divorce. Simpson is in jail at Bluffton.

John Stump, while coupling cars on the New York, Pennsylvania and Ohio, at Silver Spring, near Akron, was caught between the bumpers and was terribly bruised. His almost lifeless remains were shipped to his home at Gallion, O.

Woolfe Aaron, a prominent merchant of Rolling Fork, Sharkey county, Miss., suicided by shooting himself through the heart. His wife was in the store with him at the time. A complication of pending financial troubles are supposed to be the cause.

Glymes, the twenty-one-year-old son of George Schmitt, a farmer residing near Walsh, Ind., was struck on the forehead by a falling limb, while chopping a tree, and fatally injured. His forehead was crushed in, and the surgeon removed several square inches of bone in dressing the wound.

The people of Germantown, Ky., are greatly worked up over a religious revival in progress there, and 320 conversions have been made. Rev. K. E. Pollard, assisted by Mrs. Van Hout and daughter, of Cincinnati, has charge. The meeting is still in progress, attracting an attendance from Augusta, eleven miles distant.

Secretary Whitney is an object of great concern to a number of the naval officers. He has not indicated his line of policy enough for them to judge just how he is going to manage the navy department. There are a great number of cliques among the officers. Each clique has been anxious to secure control of the secretary.

A mass meeting of the miners of Sunday creek valley and vicinity was held at Corning, O. It was understood that it was finally agreed to accept further reduction of ten cents and go to work immediately at fifty cents per ton, though it seems not to be definitely known whether the miners themselves what action was certainly taken.

## FROM FOREIGN LANDS.

WARS IN THE NORTH, SOUTH, EAST AND WEST PROGRESSING.

**Riel's Rebel, Red-Skin Revolt.**—Russia Rushing Reserves—Barriers Boom of Treachery—Fenian Followers. Foreign Affairs.

WINNIPEG, April 3.—Excitement in this city is increasing and recruiting is active. The advance troops from the east are expected to reach Nipigon bridge soon, where they will be met with a special train to convey them to this city, 500 miles, and thence to Quappelle, 355 miles farther. The troops now at Quappelle are to move to the west immediately. Supply stations have been arranged twenty miles apart.

The troops are anxious to be on the move, the news from Battleford having aroused a desire for vengeance. The half-breeds at Quappelle are objects of distrust, and are being closely watched. At Oak Lake the half-breeds also show signs of uneasiness, but the Sioux Indians there are reported loyal and desirous to aid the government.

It is said Archbishop Tache, whose influence over the half-breeds is very great, will visit the disaffected settlement and endeavor to restore peace. Col. Herchmer has adopted a new plan for reaching Battleford. He has taken a special train to Colquhoun, and from that point he will cross the plains. This is deemed dangerous, owing to his small force, but he believes it is the only way to reach the beleaguered fort.

### War Activity.

HAMILTON, Ont., April 3.—The war feeling in this city continues unabated. Military companies are drilling and recruiting every night, and a company of mounted riflemen is to be formed for service on the frontier in case of an unexpected Fenian raid of which it is now said the government has received definite information. Col. Tyrwhit, of Simcoe, who is raising the regiment for the northwest service, applied to the minister of militia for two companies of the thirteenth battalion in this city but was refused, and this is considered a good indication that the battalion is wanted for service nearer home. Batteries of artillery and regiments of infantry at St. Catharines, Welland and other places in Niagara peninsula are recruiting and preparing for service.

The seventh battalion at London has been ordered out. No instructions as to their destination have been received yet but the officers of the corps believe they will be sent to Fort Erie opposite Buffalo instead of to Saskatchewan.

### Irish-American Contingent.

ALBANY, N. Y., April 3.—A report was current here that there is in contemplation the organization of an Irish-American contingent to aid Riel, the leader of the Manitoba insurgents, in his movement against the Canadian government. One enthusiastic Irish leader said it would be a strong blow for our Ireland. Others deny the truth of the rumor.

### Resigned and Sacked.

PANAMA, April 3.—Communication with Colon is reopened. The force sent from here attacked Preston on the afternoon of the 28th ult., and drove back a small outpost. On the morning of the 31st the fighting in the town of Colon commenced. Cannons were used, and the firing was heavy. While the fight was in progress a fire, the origin of which is not yet known, broke out in the town. Preston, when he saw that defeat was inevitable, made his escape. Many of his men were killed or captured. The town by this time was in flames. Everything was swept away save a few Panama railroad buildings on the north beach. All the piers, except the Pacific mail company's were burned, and all the railroad company's books were lost. The canal company saved its books and \$160,000 in specie. All the cars on the tracks were destroyed. The new town of Christopher Columbus escaped the flames.

### Barrios Treacherous.

LIBERTAD, April 3.—On March 30 Gen. Barrios attacked the Salvadoran frontier position at El Coco, thus breaking the promise given by him to the United States minister not to invade Salvador and not to begin operations without a declaration of war. The battle raged fiercely until nightfall, when the Salvadoran forces concentrated upon Cinchipe. At daylight on the 31st fighting began around San Lorenzo. After a severe engagement, which lasted ten hours, the Guatemalan forces were completely routed. Their losses were heavy.

### Russia Means Business.

ST. PETERSBURG, April 3.—Notwithstanding the passive tenor of the recent dispatches which have passed between St. Petersburg and London, the Russian government continues with war-like preparations. A number of cruisers and torpedo boats are being actively fitted out at the naval station throughout Russia. Troops are also being hurried forward to Russian posts in the vicinity of Afghanistan. The consent of Emir Bokhara has been obtained to a passage of Russian forces through his territory.

### Lord Hugh MacCallum Dead.

LONDON, April 3.—Lord Hugh MacCallum Carles died suddenly at his country seat in Lindisfarne, Bournemouth. The deceased was born in 1819. During his public career he held the offices of solicitor general, attorney general, and lord high chancellor. He was twice appointed to the latter position.

### Twenty-Five Thousand Out.

LONDON, April 3.—Twenty-five thousand colliers at Barley went out on a strike against the ten per cent. reduction in wages ordered by the Yorkshire mine owners.

### France Abt Dead.

LONDON, April 3.—Franz Abt, the German musician and composer, is dead, at the age of sixty-five years.

### Destructive Fire at Vevay.

VEVAY, Ind., April 3.—Jas. K. Pleasant's warehouse and the adjoining warehouse of E. J. Schenck burned. They were filled with hay, straw and potatoes, and other produce. Loss, \$21,000. Insurance, \$3,500. Schenck's warehouse had no insurance. The origin of the fire is a mystery. Strong suspicions of incendiarism are entertained.

### Sheriff Seizure.

ERIE, Pa., April 3.—Today the sheriff seized Patterson & Reeder's hardware store. Liabilities \$20,000.
